

IFCI Ltd. (formerly known as Industrial Finance Corporation of India), the parent organization of IFCI Social Foundation was set up in 1948 through an Act of Parliament. It is the first Development Financial Institution of India, set-up to provide medium and long term finance to industry. Since inception, IFCI Ltd. has played a pioneering role in the economic development of the country and has made a significant contribution to the development and modernisation of Indian Industry in all sectors.

During the last 70 years, apart from its focus on development of the country through its lending activities to green field and brown field projects and handholding to start up projects, IFCI has been a well-recognised, socially responsible corporate entity through its various social initiatives. It has been instrumental in social and economic development of the country since its inception. IFCI has continued its efforts to make a difference to the society at large by pursuing Corporate Social Responsibility (CSR) initiatives with focus on skill development, women empowerment, public health, sanitation & hygiene, employment generation and rural development.

CSR at IFCI

To pursue its CSR mandate, IFCI has formed "IFCI Social Foundation", a registered Trust which is functioning as an arm of IFCI Ltd. for CSR initiatives of the IFCI Group since September, 2014. IFCI Social Foundation aims to become a premier CSR institution in India, promoting inclusive growth and upliftment of the weak and needy, with the ultimate objective to bring positive change in society and in the life of socially and economically disadvantaged communities struggling with poverty, hunger, health and hygiene hazards and unemployment. ISF is guided by its values of Inclusiveness, Integrity, Commitment and Passion with the overall vision "To be one of India's premier CSR Institutions and strive to make sustainable social impact with inclusiveness".

It aims at improving the socio-economic well-being of the society, particularly the underprivileged and vulnerable sections of the society who are deprived to live upto the potential that they possess. It aims to create social impact assets to deliver long-term societal benefit to all the geographical regions of the country without any regional, linguistic, caste, creed, religious or other barriers.

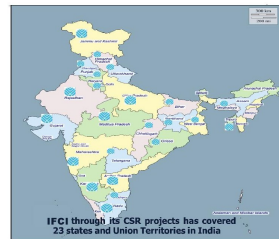

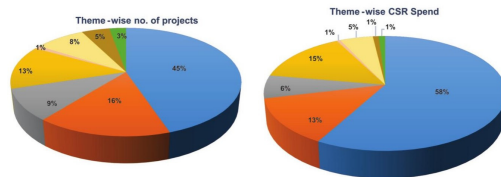

IFCI and ISF through its CSR projects have covered almost 23 States and Union Territories in India. ISF aims to utilize renewable energy sources for the upliftment of the society. ISF has been making efforts to take up long gestation, high impact projects from CSR funds of the IFCI group. The trust is registered for exemptions u/s 12A & 80G of the Income Tax Act, 1961
