

# Bharat Forge Corporate Social Responsibility

Bharat Forge Limited (BFL) understands that the success of an organization is deeply rooted in the progress of the society and all its stakeholders. These include the community that resides in and around the facilities. BFL's corporate social responsibility extends to the fields of - Promotion of Education, Enhancing vocational skills, Health and Hygiene, Empowerment of women, Environment sustainability & Promotion of Sports.

## Philosophy

At Bharat Forge, Corporate Social Responsibility ("CSR") has evolved over decades with the simple objective of 'Giving back to the society'. We believe CSR is a close integration of the community's economic, environmental and social aspirations with the Company's business goals and objectives. We are, therefore, committed to integrate CSR with our business processes for sustainable growth and development. We believe our initiatives would continue to contribute significantly to the comprehensive welfare of the community and make a difference in living standards of the community.

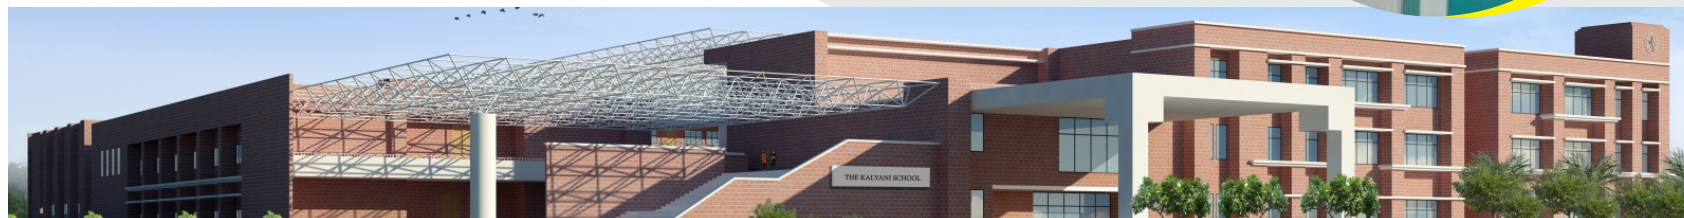

## Employment Enhancing Vocational Skills

BFL has made significant contribution in the field of education by setting up an Industrial Training Institute (ITI) at Khed for imparting vocational skills to the rural youth & helping them for employability. BFL efforts were acknowledged and recommended by an expert panel of 'Knowledge Resource Development & Welfare Group' (KRDWGs) for Educational Excellence Awards 2012. Going forward, the Company has adopted ITIs in Pune, namely ITI Bhor and ITI Malegaon, to upgrade ITI education, exposing to the emerging technologies and bridging the gap between academics and industry; BFL provides on-the-job training to the students with the right environment.

## Promotion of Education

"Knowledge enriches lives"-The Kalyani School is being established with a view to impart best of education within reach of the common man. It will provide a positive environment, opportunities where students will achieve their full potential and strive for excellence.

We will be also adopting school in the nearby community.

BHARAT FORGE

## Women Empowerment

Moving ahead towards Women Empowerment, the 'Kalyani Group Community Development' Centres has been a great support to the Women of the communities. The centres provides space for social emancipation, recreation and income generation. The centres offers bouquet of programmes like personality development, skill development programmes, medical check-ups, activities on health and safety, recreation to name few.

## Social Initiatives

Pratham Pune Education Foundation (PPEF) works towards imparting non-formal education to underprivileged children. BFL is exclusively supporting and monitoring the Pratham. It is operated through an extensive network of Balsakhis, Shishuvachan, Learning Camp, Science in PMC School and Libraries. This initiative has touched the lives of a significant number of children. Over 8000 students have been benefitted from this programme.

## Departmental CSR Initiatives

An unique initiative undertaken by the BFL employees to serve the underprivileged section of the society. The activities carried by the employees comprises of restoration of historical monuments, working towards betterment of underprivileged children and senior citizens, Environment conservation, Blood donation, women empowerment etc.

## Sports Initiative

BFL has been supporting Lakshya (Looking at Knowledge in Sports and Help Youth Achieve) a city based non-profit organization working towards Tennis initiative since its inception. The organisation identifies and nurtures the local talent to help them achieve glory. Bharat Forge is committed to support this Tennis endeavor by sponsoring the players. This drive has helped the players to be trained overseas and participate in national and international tournaments.
