

BERECHIAH MINISTRIES

CHARITABLE ORGANIZATION FOR
THE DEVELOPMENT OF SOCIETY THROUGH
EDUCATIONAL, SOCIAL AND MEDICAL SERVICES

MOTO - Do all the good, by all the means, in all the ways, in all the places, at all the times, to all the people as long as that WE can

ORIGIN AND PURPOSE: This organisation was founded in year 2002 by Mr. Vijay Furtado and others who belong to different communities who were service minded with intention to help the needy, neglected and to create support structures that would provide tools like education, training skills, food, medical support and provide hope for those who have been marginalised communities.

OUR MISSION :- Is to improve socio economic well being of the under privileged members particularly who are less fortunate and enable them to reach their potential they possess.

Creating an inclusive development programme that serves people of all communities and to deliver social benefit in every state of our country without any regional caste, creed or religious barriers. To make resources available in the form of training, tools, daily basic needs which includes food, clothing, medicine and other form of support structure as per their needs.

To make resources available to these sections of the society directly through strategic partnership with impact making entities in social sector in most transparent way to create sustainable development, so

FOCUS AREAS:-

- 1) To support all who are needy belonging to all caste's and creeds & religion.
- 2) To provide Educational skills through innovative methods for the development of the children using computers and providing technical and vocational training which are latest and also encourage skills which are local in nature.
- 3) We work towards resources to ensure a sustainable livelihood by providing training to become self-sufficient to have their business which includes women empowerment, to support themselves..Initially need we support financially and give them monthly groceries.
- 4) We ensure healthy lives promote health and hygiene through our camps, workshops to educate the unlearned. We encourage sports, nutrition for good healthy lifestyle. We provide free checkups, medicines and ensure health and healing to all who are needy by all means.
- 5) We work towards global and local partnerships built upon the principles and values, a shared vision and shared goals with institutions, NOG's & other institutions who are like minded people for betterment of all

PRESENT ACTIVITIES:- [A] EDUCATIONAL

- 1) Run pre-Primary school and encourage education in rural and slums through our camps.
